**REISSUE APPLICATION DECLARATION BY THE INVENTOR**

Docket Number (Optional)

YAMAP0398US:D

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed

in patent number 6,263,939 B1, granted 07/24/01, and for which a reissue patent is sought on the invention entitled OPTICAL INFORMATION MEDIUM, AND METHOD

AND APPARATUS FOR FABRICATING THE SAME

the specification of which

☐ is attached hereto.

☒ was filed on 11/05/02 as reissue application under U.S. Express Mail No. EF297164190 and was amended on 11/05/02 with a Preliminary Amendment Filed with the Reissue Application. (If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Applicants failed to claim the invention claimed in new claims 10-16. Applicants consider the reissue application to be a broadening reissue application, since claims 10-16 of this application were not included in U.S. Patent No. 6,263,939B1.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.
